He did. Tub Tub said. "I'll tell you burn me at the stake." He turned to Tub. He looked like a cartoon of a person laughing, except that his eyes watched the man on the seat beside him. "A real graybeard. I just want you to know it wasn't your fault. "I won't say a word. The trees started to blur with the shadows and the wind rose and needled their faces with the crystals it swept off the glaze. "I'm all right," Frank said. I guess we're all a little on edge." Frank shook his head. She looked up and then down again at the child asleep in her lap. Frank took the napkin away from him. "Pretty disgusting, isn't it?" "Tub. Kenny was just messing around." He opened the door and slid over to the middle of the seat. "Feel that," Frank said, slamming the door. I just couldn't." "He loved that dog so much," the woman said. His arms hung straight at his sides. He was sweating and his teeth chattered. "Roxanne Brewer." "Cliff Brewer's kid? He took off his hat and slapped his leg with it. The breeze was moving from him to them; when it stilled he could sometimes hear Kenny laughing but that was all. Her face was white and damp; strands of hair were pasted across her forehead. Past the barn they cut off through the field.s The land was unfenced and the crust was freezing up thick and they made good time. "Just as long as I don't have one of those male nurses," Kenny said. He sat back, trying to catch his breath. "It hurts." "Frank says it missed your appendix." "I already had my appendix out." "All right," Frank said, coming up to them. This definitely takes the cake." They had to knock on the door twice before it was opened by a thin man with lank hair. It was a tavern. The whiteness seeped up the sky. "Oh!" he said again, and dug his heels into the snow and pushed himself along on his head for several feet. "The way I look at it, Tub, no man is an island. You can take care of yourself. There was the detached coldness of hunting and death. I received a short remembrance", said tub, he fell down and put his hand on the forehead of kenny. kenny descended from four and rsmnu and washed back to him, and the dog moved away in the barn, looking over the shoulder and peed a little as he went. The ice had fallen behind the trunk, the pole spread along the right side, towards the top. tubra smiled through the back window. kenny looked through the back window and smiled. Isn't he, Frank? " Frank had his fingers spreading, tips against the husk of the stump, where he threw his food. They raised him back to bed and covered him again, when they passed to the barn, a big black dog with a gray muzzle ran and latia for them. this is the naked surface of history, a history of violence and dark mood. "By asking what?" "you'll see. "I'm going to the hospital. "I'm going to the hospital. "Now keep saying this to yourself, and knowing that we will be there. "After they went a few miles the bathtub turned to Frank." I hate you. "tub belt shot. his skin was white." he was just barking. "kenny turned to the bathtub. he rested against the right front wheel of the truck ". "you fat idiot," said Frank. kenny and Frank moved away from him, where he could not hear his voices anymore. the nearest hospital is 80 kilometers from here and all your ambulances are out anyway. "The woman knew a shortcut, but the instructions were complicated and the bathtub had to write them down." they exploded. "" hold 'em then." "Why are we stopping, Frank? ""because me and tub don't heat up, let's freeze solids and then where will you be? "he punched in kenny slightly on the arm. That's what I told the other guy. "We had an accident. "Man looked at Frank and Tub in the darkness. "Do you have anything?" he asked. "Continue, bathtub." Bathtub ate ate mouthfuls, then started to wipe his lips. Tub tried to keep his hands warm by rubbing them under the blanket but Frank made him stop. His aggression bit with sarcasm that made his friends pull emotionally away from him. Kenny and Tub followed him back across the fields. It wasn't slowing down at all. There was a woman sitting by the stove in the middle of the room. Oreos, Mars Bars, Twinkies. "I hate that tree," he said, and fired again. Tub caught up with Frank and Kenny at a bend of the creek. Having to lead a double life like a spy or a hit man. The stove was smoking badly. The clouds were low and heavy-looking and the wind blew in shrill gusts. Frank had rolled Kenny back onto the boards and they lifted him into the bed of the truck. Tub took the bolt out of his rifle and climbed beside him. The ehater didn't work. "Tune in on that energy." "Another thing," Kenny said. "what happened back there, I should have been more sympathetic. He smiled. He was blunt and straightforward, a tell-it-like-it-is man. Always feeling like people are watching you, trying to catch you at something. "What do you think that is, Tub?" Kenny kicked at it. "There's some aspirin in the truck," Kenny said. The truth is I just

shoved it in." "Well, Tub-" "Day and night, Frank. "Just what the doctor ordered," Frank said, cradling the steaming cup in his hand. The wind still got their faces and Frank's. "All rights reserved. "What?" Frank said. Now how does reverse work on this thing? "All the way to the left and up." Kenny sat up as Frank started forward to the cab. His rifle slipped off his shoulder and clattered on the ice, a sandwich fell out of his pocket. "Speak up." "I'm going to the hospital," Kenny said. No more watching. "What did Kenny mean about the babysitter?" "Kenny talks too much," Frank said. He had been staring off. He turned the ring in his way and that. He squinted at them. "Okay, Kenny. Arrived the road." "Some delinquent juveniles had wrapped a brick across the brick -bear the driver's side, then the cold and snow entered the time. The man beside him smiled and looked. "I'm going to the hospital," said Kenny. They were from a trunk that stretched from his bank to his. "You're asking," said Frank. What are you eating you?" "You shouldn't have left me back." "You are an adult bathtub. Most of the earth here is posted. "I'm cold," said Tub. The blood dripped through the dog's muzzle in the snow. " We will have to take it. "I know that children like her." "She opened whole worlds to me that I never knew they were there." "What does Nancy think about all this?" "She doesn't know." "Did you not say to her?" "Still no. It looked like a cracked dry branch. Like when I do a great neglect, just have an orange in the morning - then a slogan at the work. During the cate serious accident occurs and rotates the three friends in a new territory. Except for the blood, he looked like a small bear skin rug. Frank. "Frank did not move since Kenny killed the dog." Doing anything to him, "said Frank. Snickers. "Tub looked at Frank and looked quickly away. His joints were hairy." You just cares about your own business. "Kenny got out of the farm and gave her thumbs and they began to return to the forest." What do you think? I realize that. Juliet was only thirteen." " Juliet? This is not what there is some excuse." " Forgot, Frank. "I will be in the truck." Tub was beside the fence for a while and then took the rifles from the porch. Anyway, if you think it is the one with problems that I can say you are not. " " There is something bothering you, Frank? "Frank kicked a branch out of the snow. Be centered." "I wasn't complaining." "Centered," Kenny said. took the fork on the left hand and andthe head and began to suffocate. The bathtub had trouble crossing the fences. The fresh snow on the road and the trees glowed under the beam of the lighthouse. Frank almost didn't get to the bend and decided to stop at the next house. "You're lucky," Frank said. "I came here to get me a deer, not to hear a lot of hippie bullshit. Frank was intellectual and observer almost to the point of pretension. Juliet Miller? Kenny wasn't so sure. You're losing yourself before my eyes. "I think you think I'm a complete bastard." "No, Frank. This sounds weird, but I feel sorry for those guys, really. "Four May, three twenty seven hours. Tub, a hundred years ago, she was an old maid. Oh, Frank." The bathtub sat down and shook his head. Sugar babies. Oh!" he said, and he suddenly burned his back. "That's not all." "You want to talk about it?" "Are you just between us, Tub?" "Of course, Frank. He wore a heavy wedding band and in his right rose another gold ring with a flat face and an "F" in what looked like diamonds. "Tub, have you ever been in love?" "Well-" I mean "really" in love." Kenny was impulsive, explosive and found humor in the inconveniences he could impose on those around him. His hands were covered with blood. "Bela," Frank said. The bathtub shook his head. Frank and Kenny crossed the diary and began to descend, using the trail that Tub had broken. To the end of the story, you are not sure whether you are either sympathetic or happy to witness revenge in Kenny's treatment. "I don't feel my fingers." In front, they saw lights off the road. "You ask me how I want to die today," said Kenny. "We're gonna have you in a nice bed before you say Jack Robinson." He put the two boards on Kenny's right side. An accident and a misunderstanding left Kenny dependent on others for his survival, but the situation changes directions. He isShotgun belt on the other shoulder. They could hear this to the barn. "You do not pay a lot of attention." "Tub," said Frank. "No, no, no," said Kenny. He thought that perhaps the farmer who owns the earth let them use it if they asked. Jesus, Frank, she doesn't even have breasts. "You know," Tub said, "what you told me there, I appreciate it." Where does it hurt?" " Everywhere," said Kenny," everywhere. "Oh God," said tub. I'm cold. " " Well, you don't feel like the lonely guard. That's why the whole system is wrong. Frank woke up. It was his way, he showed a piece of his hidden character. He doubled his moms about his maid. "I was lost." "You were lost. Before they were very far, Kenny stopped. It seemed below the shadows. I couldn't chew your food anymore. "Are you okay?" Tub said. I know what they go through. These personalities appear to be fertilized by the snow. Frozen Reeds stood out, barely shaking when the air moved. "Frank," tub said after a while. "Do you know that farmer?" Now look, Kenny. "Frank said," It's no good to crying if you're cold if you're not trying to warm up. There was the cold winter of the environment. The cross -tub footprints over them. He walked in the file to keep hot and stuck the head over the middle -whenever he saw lights approaching. There are all these forms here and you just need to go with them. " You go with them," said Kenny. "Oh God," he said. " Bring four orders of pancakes, a lot of butter and syrup. "Frank. " " Sit. "When the dishes came Frank sculpted butter slabs and only lay them on the pancakes. They were the edge of the field to take the tracks again and followed them to the forest, farther and further in Direction of the hills. In the shower. Right overhead was the Big Dipper, and behind, hanging between Kenny's toes in the direction of the hospital, was the North Star, Pole Star, Help to Sailors. Big deal." They followed the tracks into the woods. The house was old and paint was curling off the sides. The snow was light but the drifts were deep and hard to move through. He leaned forward on his elbows and rested his chin in one hand. "Kenny might get ideas." "I can tell you one thing," Frank said. "I've even got stuff in the paper towel machine at work." "There's nothing wrong with your glands at all?" Frank had taken his boots and socks off. Tub, this so-called babysitter, this so-called fifteen-year-old has more in her little finger than most of us have in our entire bodies. He endured the mistreatment of the others and found it difficult to make necessary changes in his life. Kenny swore and threw down his hat. "You asked him to?" Tub said. "What do you know about fat," Tub said. Name one time." "A couple of hours ago." "I guess I wasn't paying attention." "That's true, Frank," Tub said. Frank parked and they went back to Kenny. In their effort to seek medical attention for Kenny, Tub and Frank casually force Kenny to live through the inconveniences he originally set for them. The room behind him was filled with smoke. "Fifteen. What you do see (especially as a woman) is that this is deemed acceptable behavior among machismo men. Someone rapped on the window but Tub would not turn around. "No," Frank said. Kenny nodded. If we're not, we were stopped. "I don't know you felt that way, honest with God that no. Chappá © u and took the snow. I remember very well of them. "The snowfall lit and the clouds began to roll out of the fields, but it was no warmer and after a while Frank and Tub were bitten and shaking. , her blood was blue than red. "See something?" Frank asked. Finally they stopped in the stream to eat. "I was playing for Åå." Kenny said. What I'm talking about. " "Who is her, Frank?" Frank stopped. Snowfall thick. Kenny had vain pizza slices and some candy bars; Frank had a sandam, a maå E, 2w carrots and a square of chocolate; the bathtub ate a boiled egg and a celery piece. "Ok. He was asking. " "Do you think?" " Absolutely. We can eat. I was using some of them." Kenny muttered. He accelerated the rhythm, blowing with forgrancy in the devotions, fighting the snow with his knees and elbows. Tub stayed for a moment, still holding the motto, then jumped to will be. Tub had the back end, and with the snow blowing in his face he had trouble with his footing. He stopped looking for tracks and just tried to keep up with Frank and Kenny on the other side. Squares of light from farmhouse windows fell onto the blue snow in the fields. "You don't know how good it feels to hear you say that." Kenny had tried to get out of the truck but he hadn't made it. "You okay?" Tub said. "It's on the left side. These character changes created further tension among them. "You aren't good for diddly." Tub grabbed Frank by the collar and back him hard up against the fence. "I waited an hour," he said. Frank and Tub followed him into the house. Back to Top Also he was tired and the man inside had forgotten to turn the porch light on. "Next thing you'll be wearing a nightgown. Frank. "What am I supposed to do?" Tub said. Tub stood below the overhang of a building. I guess I've just been a little too interested in old number one. "I did," Tub said. "What? When you put it like that, I don't know." "You haven't then. Tub clapped his hands and shifted around to stay warm, but it didn't work. "You shot me," he said. Frank and Kenny worked one bank and Tub worked the other, moving upstream. I promise." Tub let go of Frank and leaned his forehead against the fence. And that's why this country is going to hell in a rowboat." "But she can't be mre than--Tub shook his head. The boards fell and Kenny tumbled out and rolled to the bottom of the drive, yelling all the way. The snow let up, but still there was no edge to the land where it met the sky. "Ha ha," Frank said. And if it hadn't been for dimples here I would have, too." "That's enough," Frank said. "I had to," Tub said. Contact Michelle Anne Cope for details.
